SUPPLEMENTAL PRELIMINARY AMENDMENT

Honorable Commissioner of
Patents and Trademarks
Washington, D. C. 20231

December 29, 1986

Sir:

Prior to examination of the above-referenced
application, please amend the specification as follows:

Page 93, line 7, delete "generated RSHUT signal" and
insert --generate the RSHUT signal,--;
line 8, after "interrupt" insert --,--.

REMARKS

The Examiner is thanked for pointing out the failure
of the Preliminary Amendment to specifically identify the line
on which the Amendment was requested. Upon further review, it
is believed that the Amendment as presently stated corrects
the specification to point out the functions performed by the
transitions of the disk.
